#### 4. TEAM MAINTENANCE AND STORAGE AREAS

The teams must come to the OC office to collect the keys for their container. These are located in the car park in front of the velodrome. Each container is provided with lighting. The team cabin area is covered by security 24 hours a day from August 11th.

Teams who arrive prior should contact [trackjunior2018@uci.ch](mailto:trackjunior2018@uci.ch)

It is important that teams only use the cabin allocated to them. Storage containers are allocated to teams according to the numbers of riders entered. Due to the numbers of teams entered and space limitations it will be necessary for some smaller teams to share cabins.

A security deposit of CHF 150,00 in cash must be paid for each key. Please ensure you sign your key back in at the end of the event, no later than 10h00 on Monday March 5th. Lost/unreturned keys will be charged at CHF 100,00 per key. The deposit will be returned once the team cabin has been inspected and is left in the condition in which it was issued to you. Your deposit will not be returned if there is any damage to the team cabin and you may incur additional repair costs if the damage exceeds the initial deposit.

Teams will be able to access the storage compound from Saturday 11th August until Sunday 19th August from 08:00 to 22:00.

#### 5. TRACK CENTRE TEAM PENS

Track center pens will be available from **Friday 10th August at 17:00**.

Team pens are allocated in the track centre taking into account the size of each team. Space is limited so please keep to your allocated area. Teams are reminded that the team storages are to be used for the storage of equipment not required for competition in that session.

Fire Regulations insist that corridors in the track are maintained for emergency evacuation purposes. To ensure the track center can be cleared quickly and safely in an emergency please ensure equipment does not excessively narrow or block walkways.

Team Pens will have one table and chairs. No furniture is to be removed from the allocated pit, from the infield or chained up

##### **Power**

Teams pits will be powered with 230V, standard 2-pin outlet. The venue requires that all electrical equipment meets Swiss Standards to meet safety requirements. Teams must have all appliances tested and tagged by a qualified electrician. Please **do not plug extension leads into this socket or kettles, coffee machines or fan heaters** as they use high power consumption and may cause the supply to fail.

##### **Wifi:**

Wifi will be available for teams in the velodrome (Password: tbc)

#### 6. TEAM PERFORMANCE ANALYSTS
